

The Kayson Green Demonstration Vehicle

... loaded with Technical Innovative Abrasive, Polishing,
De-burring, Grinding & Cutting Solutions

Contact us to organise a site visit

We could be on our way to you ... see if we can
improve the performance of your specific application.

*Challenge us on your most demanding
applications and workpiece materials. If the
solution is not on-board, we can
manufacture bespoke and re-visit.*

The Demonstration Vehicle is on the road!

The vehicle is fully equipped with machines (angle grinders, straight grinders, burnishing machines etc.), various workpiece materials and relevant safety equipment.

Your opportunity to use the latest in abrasive technologies.
